DIY Cake Topper

Materials

-coloured paper
-pencil
-scissors
-string
-tape
-glue
-two straws

Step 1: Tie a piece of string near the top of two straws so that they are connected. The straws should be about 25cm or 6 inches apart.

Step 2: Draw, trace, or cut out pictures of your favourite shoes. Make sure that you have enough to fill the space along the string.

Step 3: Tape the shoe-shaped cut-outs to the string.

Step 4: Place the topper in a cake or favourite dessert.
